The 2 Bowl Handicap was incomplete in 1968. One of the finalists was Jimmy Greagan. Jimmy was a prisoner of war in WW2 and was treated terribly by the Japanese. He survived both being a POW and the infamous Death March. A result of this was that Jimmy suffered from ill health for the rest of his life. Jimmy could not play the final in 1986 because the weather was too cold for him. We believe that it was not completed the following year because his opponent passed away.
